

FALL RIVER JUNE 2023 TRIP - 5/30/2023-6/3/2023

For the third year, LBCC will be fishing the largest spring creek west of the Rockies—Fall River.

More like a river than a creek, this spectacular water is located an hour northeast of Redding in the shadow of beautiful Mount Shasta.

The Fall River is a 21-mile-long tributary to the Pit River. It is a designated Heritage and Wild Trout stream. The cool clear waters of this world class spring creek are fished from boats casting 30-40 feet downstream with big dries or nymph rigs tempting large rainbows along the bottom.
